Project Location

Field Observations

Intersection Issues		Crosswalk			Possible Solutions
		N E S V		W	Possible Solutions
Path of travel pavement condition Path of travel running slope is greater than 5% Path of travel cross slope is greater than 2% for stop control approaches		All driveway path of travel issues and possible solutions provided in driveway shapefile (TRPI			
Path of travel cross slope is greater than 5% for free-flow approaches Crosswalk width is less than 6' Crosswalk striping condition					

	Cont	D	ID (let as tit is seems take) indicates as		
Curb Roma locuso		капр	ID ('z' or 'i' in ramp label indicates no	Possible Solutions	
Curb Ramp Issues	411	01.1	existing ramp)	Possible Solutions	
	1H	2H			
Curb ramp does not exist and is needed	_ i				
Curb ramp does not land in crosswalk				ļ	
No 4' x 4' clear space at base of curb ramp					
Curbed side is not 90° or has traversable adjacent surface					
Flare cross slope is greater than 10%	<u>.l</u> '				
Curb ramp running slope is greater than 8.3%		Х			
Blended transition running slope is greater than 5%					
Cut-thru ramp running slope is greater than 5%				Remove and replace curb ramp	
Curb ramp cross slope is greater than 2%				Remove and replace curb ramp	
Cut-thru ramp cross slope is greater than 2%					
Curb ramp width is less than 48"					
Cut-thru ramp width is less than 60"					
Permanent obstruction (>0.25") in curb ramp/landing/flares					
Temporary obstruction (>0.25") in curb ramp/landing/flares					
No textured surface at base of curb ramp		Χ		For intersection, commercial driveway, and park ramps, install	
No color contrast at base of curb ramp		Х		color truncated domes	
Landing area does not exist and is needed		Х		Install landing area	
Landing area is less than 5' x 5' or slopes greater than 2%					
Curb ramp transition onto roadway is greater than 0.25"		Χ		Fix curb ramp transition	
Counter slope of the gutter or street at the foot of the curb ramp is					
greater than 5%					
Ponding occurs at base of curb ramp

Opinion of Probable Construction Cost Disclaimer:

The Engineer has no control over the cost of labor, materials, equipment, or over the Contractor's methods of determining prices or over competitive bidding or market conditions. Opinions of probable costs provided herein are based on the information known to Engineer at this time and represent only the Engineer's judgment as a design professional familiar with the construction industry. The Engineer cannot and does not guarantee that proposals, bids, or actual construction costs will not vary from its opinions of probable costs.
