Temporary obstruction (>0.25) in curb ramp/landing/lares No textured surface at base of curb ramp Х X X Х For intersection, commercial driveway, and park ramps, instal No color contrast at base of curb ramp color truncated domes Landing area to see to curb ramp Landing area to set to exist and is needed Landing area is less than 5' x 5 or slopes greater than 2% Curb ramp transition onto roadway is greater than 0.25" Counter slope of the gutter or street at the foot of the curb ramp is X X Remove and replace landing area Fix curb ramp transition Х Х Х Х Fix curb ramp counter slope greater than 5% Ponding occurs at base of curb ramp

Fix ponding

Ramp 1A

Corner 3 No Ramp (3z)

Ramp 2A

Ramp 4A

Opinion of Probable Construction Cost Disclaimer:

The Engineer has no control over the cost of labor, materials, equipment, or over the Contractor's methods of determining prices or over competitive bidding or market conditions. Opinions of probable costs provided herein are based on the information known to Engineer at this time and represent only the Engineer's judgment as a design professional familiar with the construction industry. The Engineer cannot and does not guarantee that proposals, bids, or actual construction costs will not vary from its opinions of probable costs.
