other things, that any person desiring to use a public street for a private purpose must obtain a  
license for such use from the City.

**NOW, THEREFORE**, for and in consideration of the mutual covenants and obligations  
set forth herein and other good and valuable consideration, the City and the Company do hereby

\_\_\_\_\_ East Beltwood Parkway. The telecommunication services which may be provided between the said properties shall be and are limited to the following: audio, video, data, voice and signalling communications. The Cable shall be located as shown on Exhibit 1.

This license is subject and subordinate to the prior and continuing right of the City, its successors and assigns, and other public utilities having rights with respect to the use of East Beltwood Parkway, to use East Beltwood Parkway for the public benefit, the City for itself and other permitted users reserving full rights, consistent with the rights herein granted, to construct, reconstruct, maintain and operate existing and additional facilities upon, over and beneath East Beltwood Parkway.

2. Term. This License shall continue in force for a period of ten (10) years from the date of execution of this Agreement or earlier if terminated as provided hereinafter.

3. Identify Markers. Markers in a form and size satisfactory to the City shall be installed and constantly maintained by Company at the City's property lines or at such locations as the City may designate and shall be relocated or removed by Company upon request of the City. The absence of markers does not constitute a warranty by the City that there are no subsurface installations. The Company shall be responsible for determining and locating other utilities that may be in the area.

4. Cost. As consideration for the license and rights granted herein, Company shall pay the City as follows:

(a) An acceptance fee in the amount of \$1.00 per linear foot of streets bored or traversed, and One Thousand Dollars (\$1,000.00) for each public street crossing, with such payment due on execution of this License; and

All work upon or in connection with the Cable shall be done to the City's satisfaction at such times and in such manner as not to interfere with the use of any street or roadway. If required by the City in its use of the City's property, Company, at its sole cost, shall reconstruct, relocate or alter the Cable. Except in an emergency, Company shall give the City at least five (5) days written notice of the day and hour it proposes to do any work on the Cable. Company shall bear responsibility for timely and complete repairs in the event of damage to the Cable from any cause whatsoever.

Company shall cooperate with the City in making any test it requires of any installation or condition which, in its judgment, may have an adverse effect on any of the facilities of the City. All costs incurred by the test, or any corrections thereof, shall be borne by Company.

6. Miscellaneous Obligations of Company.

A. Company shall maintain a complete set of “as built” plans of the Cable and shall furnish copies of the same to the City.

B. Company shall maintain a local agent who is familiar with the Cable and whose name and address shall be furnished annually to the City. The local agent shall be responsible for satisfying all information needs of the City.

- B. the construction, reconstruction, maintenance, presence, use or removal of the Cable.

If required by the City, Company shall provide evidence of insurance coverage in a form and amount satisfactory to the City, insuring Company’s liability hereunder.
