

ADDISON ROAD

GENERAL NOTES ON TRENCH SAFETY

- Contractor shall provide & assume full responsibility for the design and adequacy of trench safety to fully complete the construction.
- Type of trench safety used subject to approval by engineer. Contractor shall submit plans showing details such as spacing, configuration, types & grades of materials, dimensions, stress allowances, etc., and sealed by a registered P.E. in the State of Texas. The design lateral earth pressure used in the design shall be stated.
- Design criteria: U.S. Department of Labor, OSHA Publications, OSHA 1926 and 2224.
- All trenches shall be shored or laid back to a stable slope; choice of method left to contractor, subject to Engineers approval.
