

LEGEND

- TREE OVER 12" DIA.
- TREE 3" TO 12" DIA.
- SHRUBBERY
- PLANTINGS
- RED TIP PHOTINIA
- CRAPE MYRTLE - MATURE
- HEDGE
- HOLLY

NOTES:
 All existing trees and planting areas will be maintained with the exception of dead or unsightly trees or trees that may be damaged by the construction process. Irrigation will be natural rain water except in areas of planting beds where hand watering will be applied on an as needed basis.
 All plants to be added to the landscaping will be specifically chosen to be Texas drought resistant.
 Water sources will be city water and will be hose bib on existing and new construction buildings.
 Grass to be planted after construction will be bermuda, st. augustine, or other disease and drought resistant varieties. Grass may be seeded, or for faster coverage, sod may be used.
 All existing trees except those noted, are separated by distance from the proposed construction area so as not to be damaged by the construction process.
