

LEGEND

- STAGE I
- STAGE II

SUGGESTED CONSTRUCTION SEQUENCE

PHASE I:

1. Verify all utilities (entire project). Arrange for relocations.
2. Switch two-way traffic onto north side of existing Ratliff Lane; construct storm sewer system south side of Ratliff Lane.
3. Construct concrete pavement and curb (south) half of Ratliff Lane (14' - b.c.).

PHASE II:

1. Switch traffic onto new concrete pavement of Ratliff Lane.
2. Adjust grate inlets to match prop. paving.
3. Construct concrete pavement (north) half of Ratliff Lane including both concrete and asphalt transitions.
