

Compiled from aerial photographs taken Nov. 1, 1976 with Wild RC-9 camera. Horizontal Control was extended from existing U.S. Coast and Geodetic Survey monuments by geodimeter and theodolite measurements, with further densification by Aero-Triangulation with A-5 Autograph. Vertical control extended from existing U.S.C. and G.S. Bench Marks by spirit leveling.

Grid lines and values shown are based on the Texas State Coordinate System, North Central Zone.
