

OAKS NORTH ADDITION TO ADDISON FILED 1-12-79 VOL. 79010 PG. 1955

SURVEYORS  
 NOTE: N.T.S. = NOT TO SCALE  
 ALL IRON RODS SET WERE CAPPED  
 WITH PLASTIC TOPS STAMPED  
 R.P.S. 4490

STATE OF TEXAS:  
 COUNTY OF DALLAS:

WHEREAS, Carl R. Milliken and Patsy B. Milliken are the owners of a tract of land out of the Allen Bledsoe Survey, Abstract No. 157, City of Addison, Dallas County, Texas, said tract being formerly in City of Dallas Block 8171, now City of Addison, and being out of a 20 acre tract conveyed to Carroll H. Sherman by Republic National Bank, Independent Executor of the Estate of Wirt Davis, Deceased, dated March 7, 1949, recorded in Volume 3103, Page 104, Deed Records of Dallas County, Texas, and being described as follows:

BEGINNING at an iron rod found for corner being 569.3 feet North 0 degrees 14 minutes 28 seconds West, of the Southwest corner of said 20 acre tract and in the West line of said 20 acre tract, said point also being in the East line of Oaks North Addition, an Addition to the City of Addison, filed 1-12-79, recorded in Volume 79010, Page 1955, Map Records of Dallas County, Texas;

THENCE North 0 degrees 14 minutes 28 seconds West, along the common line of said 20 acre tract and said Oaks North Addition, 290.4 feet to an iron rod set for corner, said point being a measured distance of 116.17 feet from the Northeast corner of said Oaks North Addition;

THENCE North 89 degrees 45 minutes 32 seconds East, along the common line of said Milliken tract with a tract conveyed to Hugh D. Wilson, recorded in Volume 80043, Page 1470, Deed Records of Dallas County, Texas, 300 feet to a P.K. Nail found for corner in the centerline of Lake Forest Drive;

THENCE South 0 degrees 14 minutes 28 seconds East and parallel to the West line of said 20 acre tract and with the centerline of Lake Forest Drive, a distance of 290.4 feet to a P.K. Nail found for corner;

THENCE South 89 degrees 45 minutes 32 seconds West, along the common line of said Milliken tract with a tract conveyed to Frank L. Crowder, recorded in Volume 79010, Page 1955, Map Records of Dallas County, Texas, being parallel to the South line of said 20 acre tract, a distance of 300 feet to the PLACE OF BEGINNING and containing 87,120 Square Feet or 2 Acres of Land.

THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

THAT, Carl R. Milliken and Patsy B. Milliken do hereby adopt this plat designating the hereinabove property as Milliken Addition, an addition to the Town of Addison, Texas, and, subject to the conditions, restrictions and reservations stated hereinafter.

The easements shown on this plat are hereby reserved for the purposes as indicated, including, but not limited to, the installation and maintenance of water, sanitary sewer, storm sewer, drainage, electric, telephone, gas and cable television. Owner shall have the right to use these easements, provided however, that it does not unreasonably interfere or impede with the provision of the services to others. Said utility easements are hereby reserved by mutual use and accommodation of all public utilities using or desiring to use the same. An express easement of ingress and egress is hereby expressly granted on, over and across all such easements for the benefit of the provider of services for which easements are granted.

Any drainage and floodway easement shown hereon is hereby dedicated to the public's use forever, but including the following covenants with regards to maintenance responsibilities. The existing channels or creeks traversing the drainage and floodway easement will remain as an open channel, unless required to be enclosed by ordinance, at all times and shall be maintained by the individual owners of the lot or lots that are traversed by or adjacent to the drainage and floodway easement. The City will not be responsible for the maintenance and operation of said creek or creeks or for any damage or injury of private property or person that results from the flow of water along said creek, or for the control of erosion. No obstruction to the natural flow of water run-off shall be permitted by construction of any type building, fence or any other structure within the drainage and floodway easement. Provided, however, it is understood that in the event it becomes necessary for the City to channelize or consider erecting any type of drainage structure in order to improve the storm drainage, then in such event, the City shall have the right, but not the obligation, to enter upon the drainage and floodway easement at any point, or points, with all rights of ingress and egress to investigate, survey, erect, construct or maintain any drainage facility deemed necessary by the City for drainage purposes. Each property owner shall keep the natural drainage channels and creeks traversing the drainage and floodway easement adjacent to his property clean and free of debris, silt, growth, vegetation, weeds, rubbish, refuse, matter and any substance which would result in unsanitary conditions or obstruct the flow of water, and the City shall have the right of ingress and egress for the purpose of inspection and supervision and maintenance work by the property owner to alleviate any undesirable conditions which may occur. The natural drainage channels and creeks through the drainage and floodway easement, as in the case of all natural channels, are subject to storm water overflow and natural bank erosion to an extent that cannot be definitely defined. The City shall not be held liable for any damages or injuries of any nature resulting from the occurrence of these natural phenomena, nor resulting from the failure of any structure or structures, within the natural drainage channels, and the owners hereby agree to indemnify and hold harmless the City from any such damages and injuries. Building areas outside the drainage and floodway easement line shall be filled to a minimum elevation as shown on the plat. The minimum floor of elevation of each lot shall be shown on the plat.

The maintenance or paving of the utility and fire lane easements is the responsibility of the property owner. All public utilities shall at all times have the full right of ingress and egress to an from and upon the said utility easements for the purpose of constructing, reconstructing, inspecting, patrolling, maintaining and adding to or removing all or parts of its respective system without the necessity at any time of procuring the permission of anyone. Any public utility shall have the right of ingress and egress to private property for the purpose of reading meters and any maintenance and service required or ordinarily performed by that utility. Buildings, fences, trees, shrubs or other improvements or growths may be constructed, reconstructed or placed upon, over or across the utility easements as shown; provided, however, that owner shall at its sole cost and expense be responsible under any and all circumstances for the maintenance and repair of such improvements or growth, and any public utility shall have the right to remove and keep removed all or parts of any buildings, fences, trees, shrubs, or other improvements or growth which in any way endanger or interfere with the construction, maintenance or efficiency of its respective system or service.

Water main and sanitary sewer easements shall also include additional area of working space for construction and maintenance of the systems. Additional easement area is also conveyed for installation and maintenance of manholes, clean-outs, fire hydrants, water service and sewer services from the main to curb or pavement line, and the description of such additional easements herein granted shall be determined by their locations as installed.

This plat is approved subject to all platting ordinances, rules, regulations and resolutions of the Town of Addison, Texas.

WITNESS, my hand at Addison, Texas, this the 5th day of February, 1991.
