Addison, TX

Attn: Mr. Bruce Ellison

Re: 14552 Montfort
Stanford Court Villas
Addison, TX

Dear Mr. Ellison:

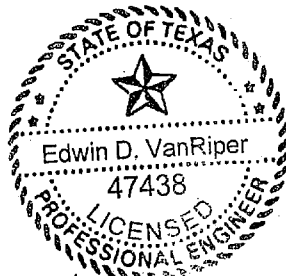

We understand that one row of #5 reinforcing bars was omitted in the screening wall being erected at the above referenced address. It is permissible to drill 6" into the wall foundation and epoxy seat the bars such that the design is maintained.

Should you have any further questions, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read 'EDV', is written over a circular professional engineer seal.

Edwin D. Van Riper, P. E.
