

**01 Framing Plan**  
 scale: 1/4"=1'-0"

- NOTES:**
1. Verify all dimensions in field. Notify Architect of any discrepancies.
  2. Square, Level and Plumb building as much as possible prior to framing.
  3. Shim walls as needed.
  4. Meet all applicable codes and regulations.
  5. Reference Structural Specifications for anchorage of structure to stub-wall and stub-wall to foundation.
