

Clay,

There is a plan and staff report for you and a copy for all 8 of the people scheduled to go on the tour. Please distribute to them. Also, please give Wendy the envelope, which contains the staff report and an agenda for the meeting on P&Z meeting on Thursday.

While you are in the van, could you take the Commissioner behind the building at 4550 Excel (mentioned in the staff report) and show them the dock doors. Also, go behind other buildings on north and south sides of Excel and look at docks and loading facilities.

Also take them over to Midway to look at J-W Operating plat site.

Thanks for doing this for me.

ADDISON PLACE IS ~~NOT~~ IN THE 200' NOTICE REQUIREMENTS
