Subject: DBE Reports for FAA

## COMMENTS:

Please provide me with the information needed to complete submittals required by the FAA, as follows:

### Projected Fiscal Year 1996-97

By project, the anticipated total dollars to be contracted for a) consulting services b) construction services. What portion of each type of contract should be awarded to DBE's (keep in mind that our total DBE participation for all contracts must be 15% or more).

### Actual Fiscal Year 1995-96

By project, the actual total dollars contracted for a) consulting services b) construction services. What portion of each type of contract was awarded to DBE's?

I need the names, addresses, phone numbers, type of work performed, and dollar amount of contracts awarded to each DBE. In addition I need the dollar amount of contracts awarded to Greiner and any other "Prime" consultant paid or to be paid from FAA funds.

Your cooperation is necessary and will be greatly appreciated. Please provide the requested information no later than October 7, 1996.

10/10/96

*\* John and Leslie: If I don't receive any information by tomorrow, I will assume there is none to report and submit same to the FAA.*

### COMMENTS:

I received DBE information from Bernard Dunkelberg for a subcontractor, indicating they were a prime contractor. Therefore, I need information on Dunkelberg:

Date of their contract 10/1/95  
Amount of contract 142,517.00  
Work to be performed Airport Master Plan Update  
AIP Grant Number 3-48-0063-07-95  
Addresses and phone numbers

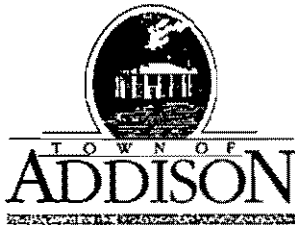

Greiner didn't send anything, so I assume they didn't receive any contracts during fiscal 1995-96.

Enclosed are completed sheets requested in your letter of September 24, 1997. Wherever information could not be found, there is a indication of N/A (not available).

You will recall my questioning which forms to complete and you intended to call California and let me know. Since I didn't hear back, I completed the form that was easiest for me.

I'm enclosing a couple of spreadsheets containing all of the information I have on DBE subcontractors. Spreadsheet #1 outlines information by project, #2 is by fiscal year, and #3 was prepared in response to the information requested for your audit. Let me know if you need anything else.

Sincerely yours,

enclosures
