Ms. Lanier,

I don't have a copy of the insurance certificate you mention in the City Secretary's records. After the bids were approved, the contract was assigned to Post Properties to manage, so that certificate might be with either the purchasing documents related to the Phase I and II construction, or with the Public Works documents. I am forwarding this email to both Public Works and Purchasing to see if we have the certificate in any of the Town's records. I will let you know when I hear from them.

Carmen, I called today to inquire whether the Town received a certificate of insurance from the Post properties entities associated w/ the indemnification under the Master Facilities Agreement. If so, would you send me a copy? Thanks.

Re: Town of Addison, Texas

Dear Ms. Schneider:

I work with the City Attorney's office for the Town of Addison, Texas. It is my understanding that you have been working with John Baumgartner, City Engineer, regarding certain insurance for Addison Circle One, Ltd. (the "Partnership"). The general partner for the Partnership is Columbus Realty Trust.

The City currently has two agreements with the Partnership relating to the management and construction of public improvements in the project identified as Addison Circle Phase I:

1. Assignment and Construction Services Agreement dated April, 1996; and
2. Construction Agreement dated May, 1996.

The Partnership is required under each agreement to provide certain insurance. Columbus is not a named party to either agreement.

Sedgwick James has provided to Addison a "Certificate of Liability Insurance" in which Columbus Realty is the named insured. The Certificate also provides that the "Certificate Holder and Addison Circle One Limited are additional insureds as their interest may appear by written contracts or agreements with insured." Because Columbus is not a named party to either agreement and in order to clarify that the insurance covers Addison Circle One, Ltd., language needs to be added to the Certificate identifying the Addison Circle Phase One project and that the insurance covers the Partnership as its interests may appear by written contract or

agreements with the Town of Addison, including the Assignment and Construction Services Agreement dated April, 1996 and the Construction Agreement dated May, 1996.

Your prompt response to this letter is appreciated. Please give me a call if you have any questions.

Very truly yours,

John M. Hill

**GUARANTEE OF OBLIGATIONS UNDER
CONSTRUCTION AGREEMENT**

THIS GUARANTEE OF OBLIGATIONS UNDER CONSTRUCTION AGREEMENT ("Guarantee") is executed by GAYLORD PROPERTIES, INC., a Texas corporation ("Guarantor") for the benefit of the TOWN OF ADDISON, TEXAS ("Addison").

Introductory Provisions

The following provisions form a part of and constitute the basis for this Guarantee:

WHEREAS, Addison and Addison Circle One, Ltd., a Texas limited partnership (the "Partnership") have entered into a certain Construction Agreement (the "Construction Agreement") dated May ____, 1996 (a true and correct copy of which is attached hereto as Exhibit A), wherein the Partnership agreed to construct a portion of certain public infrastructure improvements within that development generally known as "Addison Circle Phase I"; and

WHEREAS, Guarantor is a limited partner in the Partnership; and

WHEREAS, as a condition to the execution of the Construction Agreement by Addison, Addison has required that Guarantor guarantee the obligations of the Partnership under the Construction Agreement.

NOW, THEREFORE, in consideration of the execution of the Construction Agreement by Addison, and other good and valuable consideration, the Guarantor hereby unconditionally guarantees the full performance of each and all of the obligations, terms, covenants and conditions of the Construction Agreement to be kept and performed by the Partnership. The undersigned further agrees as follows:

1. This Guarantee will continue unchanged by any bankruptcy, reorganization or insolvency of the Partnership or any successor or assignee thereof or by any disaffirmance or abandonment by a trustee of the Partnership.

2. The liability of the Guarantor under this Guarantee shall be primary and performable without demand, and in relation to any right of action which shall accrue to Addison under the Construction Agreement, Addison may, at its option, proceed against the Guarantor without having commenced any action, or having obtained any judgment against the Partnership.

3. Guarantor agrees to pay Addison's reasonable attorneys' fees and all costs and other expenses incurred, in any collection relative to the obligations hereby guaranteed or enforcing this Guarantee against the Guarantor in the event Addison is the prevailing party.

4. Guarantor does hereby waive acceptance and notice of acceptance of this Guarantee.

5. Guarantor hereby agrees that, at any time or from time to time, with prior notice to Guarantor, the obligations, terms, covenants and conditions of the Construction Agreement may be amended or modified without affecting the liability of Guarantor.

6. Guarantor hereby acknowledges that the withdrawal from, or termination of, any ownership interest in the Partnership shall not alter, affect or in any way limit the obligations of Guarantor hereunder.

7. Addison is relying and is entitled to rely upon each and all of the provisions of this Guarantee; and accordingly, if any provision or provisions of this instrument should be held to be invalid or ineffective, then all other provisions shall continue in full force and effect.

8. Guarantor hereby agrees that in the event of the termination, liquidation or dissolution of the Partnership, this Guarantee shall continue in full force and effect.

9. If the Partnership or its general partner is not liable for the obligations created by the Construction Agreement because the act of creating the obligation is ultra vires, or the officers or persons creating same acted in excess of their authority, and for these reasons the obligations of the Partnership under the Construction Agreement which the Guarantor agrees to perform cannot be enforced against the Partnership and its general partner, such fact shall in no manner affect the Guarantor's liability hereunder; but the Guarantor shall be liable hereunder, notwithstanding that the Partnership and/or its general partner are not liable for such obligations and to the same extent as the Guarantor would have been if the obligations of the Partnership had been enforceable against it and its general partner.

EXECUTED this ____ day of _____, 1996.

REPORTING INSTRUCTIONS FOR STATE AND LOCAL CONSTRUCTION PROJECTS

► Section A - PROJECT IDENTIFICATION

Correct any information in items 1 and 2 if necessary.

For the project described in item 1 to be government owned, it must be State or local government owned during construction and involve the erection of a new structure(s) or improvements to an existing structure(s) as defined below.

For the project described in item 1 to be privately owned, it must be privately owned during construction and involve the erection of a new structure(s) or improvements to an existing structure(s) as defined below.

If the project is only maintenance and repairs, please note so in item 10, Remarks, complete item 11, and return the form.

► Section B - OWNERSHIP AND START DATE

Item 3 - As noted, "ownership" for purposes of this survey, depends on the owner during the construction phase. Check the appropriate box.

Item 4 - The start date is defined as the date that actual construction work first began on the project described in item 1. If the project is to start at some future date, please enter the date, complete item 11, and return the form.

► Section C - COST ESTIMATES

"Construction," for purposes of this survey, is defined as the building of and/or improvements to fixed structures. This INCLUDES:

- a. New structures, additions, alterations, conversions, expansions, rebuilding, reconstruction, renovations, rehabilitations and major replacements (such as the complete replacement of a roof or heating system).
- b. Mechanical and electrical installations - Plumbing, heating, electrical work, elevators, escalators, central air-conditioning, and other similar building services.
- c. Outside construction - Clearing and grading of undeveloped land and the fixed, auxiliary structures which the project owner builds within the property lines. Also, roadways, bridges, parking lots, utility connections, outdoor lighting, pools, athletic fields, piers, wharves and docks, and all similar auxiliary facilities.

FOR HEAVY NONBUILDING PROJECTS

In addition to a, b, and c, construction INCLUDES:

- d. Fixed works, such as power plants, dams, highways, bridges, reservoirs and sewer and water facilities.
- e. Machinery and equipment which are integral parts of structures. Also fixed, largely site-fabricated equipment such as storage tanks.
- f. The following types of equipment: boilers, towers and fixtures.

EXCLUDE: Movable machinery and equipment which are not integral parts of structures. Also, for power generation plants, exclude primary power producing machinery such as generators, reactors, and steam engines.

Item 5a - Estimate the total amount to be paid to construction contractors by the project owner for work done on this project.

Item 5b - Estimate the total cost of labor by the owner's construction employees working on the project, including supervisory personnel assigned to the project. Include the total cost of all construction materials supplied by the owner, including those the owner expects to supply to the contractor for installation in this project.

Item 5c - Sum of values reported in items 5a and 5b. This is the value to be reported in item 8, monthly value of construction put in place.

Item 6 - Estimate the total amount of fees which the project owner has paid or will pay to architectural and engineering firms for work on this project. Also estimate the total cost of all other construction items which the project owner will allocate on his books to this project. Include the project owner's overhead and office costs, the cost of design work by the owner's staff, and other miscellaneous construction fees and costs allocated on the owner's books. **DO NOT** include the cost of movable machinery and equipment, land, and furniture and furnishings. If book figures are not available, reasonable estimates are acceptable.

► Section E - MONTHLY CONSTRUCTION PROGRESS REPORT

Item 8 - Report the monthly value of construction put in place for the costs associated with Item 5c. These costs include:

- a. Work done by contractors and/or subcontractors, including any retainage being withheld until the work is complete.
- b. The cost of any materials installed which were provided by the owner.
- c. The work done by the project owner's own construction employees, including supervisory personnel assigned to this project.

Initially, report monthly values from the start month to the most current month shown in item 8. Then each month, when the form is returned to you, report for the month shown and any revisions which you might have. When entering monthly data, be sure to report the costs in the month in which the work was done rather than in the month in which payment was made.

If the contractor's bills are for periods other than monthly, estimate a monthly amount. In each month where there is no construction, enter a zero.

Item 9 - If construction is complete except for some minor work (up to 3 percent of item 5c), you may stop reporting on this project by indicating in item 10, Remarks, and entering the completion date in item 9.

► Section F - PERSON TO CONTACT REGARDING THIS REPORT

Item 11 - Enter the name, title, address, telephone and fax number of the person who can answer questions about this report.

REPORTING INSTRUCTIONS FOR STATE AND LOCAL CONSTRUCTION PROJECTS

► Section A – PROJECT IDENTIFICATION

Correct any information in items 1 and 2 if necessary.

For the project described in item 1 to be government owned, it must be State or local government owned **during construction** and involve the erection of a new structure(s) or improvements to an existing structure(s) as defined below.

For the project described in item 1 to be privately owned, it must be privately owned **during construction** and involve the erection of a new structure(s) or improvements to an existing structure(s) as defined below.

If the project is only maintenance and repairs, please note so in item 10, Remarks, complete item 11, and return the form.

► Section B – OWNERSHIP AND START DATE

Item 3 – As noted, "ownership" for purposes of this survey, depends on the owner **during the construction phase**. Check the appropriate box.

Item 4 – The start date is defined as the date that actual construction work first began on the project described in item 1. If the project is to start at some future date, please enter the date, complete item 11, and return the form.

► Section C – COST ESTIMATES

Construction, for purposes of this survey, is defined as the building of and/or improvements to fixed structures. This **INCLUDES**:

- a. New structures, additions, alterations, conversions, expansions, rebuilding, reconstruction, renovations, rehabilitations and major replacements (such as the complete replacement of a roof or heating system).
- b. Mechanical and electrical installations – Plumbing, heating, electrical work, elevators, escalators, central air conditioning, and other similar building services.
- c. Outside construction – Clearing and grading of undeveloped land and the fixed, auxiliary structures which the project owner builds within the property lines. Also roadways, bridges, parking lots, utility connections, outdoor lighting, pools, athletic fields, piers, wharves and docks, and all similar auxiliary facilities.

FOR HEAVY NONBUILDING PROJECTS

In addition to a, b, and c, construction **INCLUDES**:

- d. Fixed works, such as power plants, dams, highways, bridges, reservoirs and sewer and water facilities.
- e. Machinery and equipment which are integral parts of structures. Also fixed, largely site-fabricated equipment, such as storage tanks.
- f. The following types of equipment: boilers, towers and fixtures.

EXCLUDE: Movable machinery and equipment which are not integral parts of structures. Also, for power generation plants, exclude primary power producing machinery such as generators, reactors, and steam engines.

Item 5a – Estimate the total amount to be paid to construction contractors by the project owner for work done on this project.

Item 5b – Estimate the total cost of labor by the owner's construction employees working on the project, including supervisory personnel assigned to the project. Include the total cost of all construction materials supplied by the owner, including those the owner expects to supply to the contractor for installation in this project.

Item 5c – Sum of values reported in items 5a and 5b. **This is the value to be reported in item 8, monthly value of construction put in place.**

Item 6 – Estimate the total amount of fees which the project owner has paid or will pay to architectural and engineering firms for work on this project. Also estimate the total cost of all other construction items which the project owner will allocate on his books to this project. Include the project owner's overhead and office costs, the cost of design work by the owner's staff, and other miscellaneous construction fees and costs allocated on the owner's books. **DO NOT** include the cost of movable machinery and equipment, land, and furniture and furnishings. If book figures are not available, reasonable estimates are acceptable.

► Section E – MONTHLY CONSTRUCTION PROGRESS REPORT

Item 8 – Report the monthly value of construction put in place for the costs associated with item 5c. These costs include:

- a. Work done by contractors and/or subcontractors, including any retainage being withheld until the work is complete.
- b. The cost of any materials installed which were provided by the owner.
- c. The work done by the project owner's own construction employees, including supervisory personnel assigned to this project.

Initially, report monthly values from the start month to the most current month shown in item 8. Then each month, when the form is returned to you, report for the month shown and any revisions which you might have. When entering monthly data, **be sure to report the costs in the month in which the work was done rather than in the month in which payment was made.**

If the contractor's bills are for periods other than monthly, estimate a monthly amount. In each month where there is no construction, enter a zero.

Item 9 – If construction is complete except for some minor work (up to 3 percent of item 5c), you may stop reporting on this project by indicating in item 10, Remarks, and entering the completion date in item 9.

► Section F – PERSON TO CONTACT REGARDING THIS REPORT

Item 11 – Enter the name, title, address, telephone and fax number of the person who can answer questions about this report.

Item 5b – Estimate the total cost of labor by the owner's construction employees working on the project, including supervisory personnel assigned to the project. Include the total cost of all construction materials supplied by the owner, including those the owner expects to supply to the contractor for installation in this project.

Item 5c – Sum of values reported in items 5a and 5b. This is the value to be reported in item 8, monthly value of construction put in place.

Item 6 – Estimate the total amount of fees which the project owner has paid or will pay to architectural and engineering firms for work on this project. Also estimate the total cost of all other construction items which the project owner will allocate on his books to this project. Include the project owner's overhead and office costs, the cost of design work by the owner's staff, and other miscellaneous construction fees and costs allocated on the owner's books. **DO NOT** include the cost of movable machinery and equipment, land, and furniture and furnishings. If book figures are not available, reasonable estimates are acceptable.

► **Section E – MONTHLY CONSTRUCTION PROGRESS REPORT**

Item 8 – Report the monthly value of construction put in place for the costs associated with item 5c. These costs include:

- a. Work done by contractors and/or subcontractors, including any retainage being withheld until the work is complete.
- b. The cost of any materials installed which were provided by the owner.
- c. The work done by the project owner's own construction employees, including supervisory personnel assigned to this project.

Initially, report monthly values from the start month to the most current month shown in item 8. Then each month, when the form is returned to you, report for the month shown and any revisions which you might have. When entering monthly data, be sure to report the costs in the month in which the work was done rather than in the month in which payment was made.

If the contractor's bills are for periods other than monthly, estimate a monthly amount. In each month where there is no construction, enter a zero.

Item 9 – If construction is complete except for some minor work (up to 3 percent of item 5c), you may stop reporting on this project by indicating in item 10, Remarks, and entering the completion date in item 9.

► **Section F – PERSON TO CONTACT REGARDING THIS REPORT**

Item 11 – Enter the name, title, address, telephone and fax number of the person who can answer questions about this report.

**REPORTING INSTRUCTIONS FOR
STATE AND LOCAL CONSTRUCTION PROJECTS**

► **Section A - PROJECT IDENTIFICATION**

Correct any information in items 1 and 2 if necessary.

For the project described in item 1 to be government owned, it must be State or local government owned during construction and involve the erection of a new structure(s) or improvements to an existing structure(s) as defined below.

For the project described in item 1 to be privately owned, it must be privately owned during construction and involve the erection of a new structure(s) or improvements to an existing structure(s) as defined below.

If the project is only maintenance and repairs, please note so in item 10, Remarks, complete item 11, and return the form.

Item 5a - Estimate the total amount to be paid to construction contractors by the project owner for work done on this project.

Item 5b - Estimate the total cost of labor by the owner's construction employees working on the project, including supervisory personnel assigned to the project. Include the total cost of all construction materials supplied by the owner, including those the owner expects to supply to the contractor for installation in this project.

Item 5c - Sum of values reported in items 5a and 5b. This is the value to be reported in Item 8, monthly value of construction put in place.

Item 6 - Estimate the total amount of fees which the project owner has paid or will pay to architectural and engineering firms for work on this project. Also estimate the total cost of all other construction items which the project owner will allocate on his books to this project. Include the project owner's overhead and office costs, the cost of design work by the owner's staff, and other miscellaneous construction fees and costs allocated on the owner's books. **DO NOT** include the cost of movable machinery and equipment, land, and furniture and furnishings. If book figures are not available, reasonable estimates are acceptable.

► **Section B - OWNERSHIP AND START DATE**

Item 3 - As noted, "ownership" for purposes of this survey, depends on the owner during the construction phase. Check the appropriate box.

Item 4 - The start date is defined as the date that actual construction work first began on the project described in item 1. If the project is to start at some future date, please enter the date, complete item 11, and return the form.

► **Section C - COST ESTIMATES**

"Construction," for purposes of this survey, is defined as the building of and/or improvements to fixed structures. This **INCLUDES**:

- a. New structures, additions, alterations, conversions, expansions, rebuilding, reconstruction, renovations, rehabilitations and major replacements (such as the complete replacement of a roof or heating system).
- b. Mechanical and electrical installations - Plumbing, heating, electrical work, elevators, escalators, central air-conditioning, and other similar building services.
- c. Outside construction - Clearing and grading of undeveloped land and the fixed, auxiliary structures which the project owner builds within the property lines. Also, roadways, bridges, parking lots, utility connections, outdoor lighting, pools, athletic fields, piers, wharves and docks, and all similar auxiliary facilities.

► **Section E - MONTHLY CONSTRUCTION PROGRESS REPORT**

Item 8 - Report the monthly value of construction put in place for the costs associated with item 5c. These costs include:

- a. Work done by contractors and/or subcontractors, including any retainage being withheld until the work is complete.
- b. The cost of any materials installed which were provided by the owner.
- c. The work done by the project owner's own construction employees, including supervisory personnel assigned to this project.

Initially, report monthly values from the start month to the most current month shown in item 8. Then each month, when the form is returned to you, report for the month shown and any revisions which you might have. When entering monthly data, be sure to report the costs in the month in which the work was done rather than in the month in which payment was made.

If the contractor's bills are for periods other than monthly, estimate a monthly amount. In each month where there is no construction, enter a zero.

Item 9 - If construction is complete except for some minor work (up to 3 percent of item 5c), you may stop reporting on this project by indicating in item 10, Remarks, and entering the completion date in item 9.

► **Section F - PERSON TO CONTACT REGARDING THIS REPORT**

Item 11 - Enter the name, title, address, telephone and fax number of the person who can answer questions about this report.

FOR HEAVY NONBUILDING PROJECTS

In addition to a, b, and c, construction **INCLUDES**:

- d. Fixed works, such as power plants, dams, highways, bridges, reservoirs and sewer and water facilities.
- e. Machinery and equipment which are integral parts of structures. Also fixed, largely site-fabricated equipment such as storage tanks.
- f. The following types of equipment: boilers, towers and fixtures.

EXCLUDE: Movable machinery and equipment which are not integral parts of structures. Also, for power generation plants, exclude primary power producing machinery such as generators, reactors, and steam engines.

For the project described in item 1 to be privately owned, it must be privately owned during construction and involve the erection of a new structure(s) or improvements to an existing structure(s) as defined below.

If the project is only maintenance and repairs, please note so in item 10, Remarks, complete item 11, and return the form.

► Section B - OWNERSHIP AND START DATE

Item 3 - As noted, "ownership" for purposes of this survey, depends on the owner during the construction phase. Check the appropriate box.

Item 4 - The start date is defined as the date that actual construction work first began on the project described in item 1. If the project is to start at some future date, please enter the date, complete item 11, and return the form.

► Section C - COST ESTIMATES

"Construction" for purposes of this survey, is defined as the building of and/or improvements to fixed structures. This **INCLUDES**:

- a. New structures, additions, alterations, conversions, expansions, rebuilding, reconstruction, renovations, rehabilitations and major replacements (such as the complete replacement of a roof or heating system).
- b. Mechanical and electrical installations - Plumbing, heating, electrical work, elevators, escalators, central air-conditioning, and other similar building services.
- c. Outside construction - Clearing and grading of undeveloped land and the fixed, auxiliary structures which the project owner builds within the property lines. Also, roadways, bridges, parking lots, utility connections, outdoor lighting, pools, athletic fields, piers, wharves and docks, and all similar auxiliary facilities.

FOR HEAVY NONBUILDING PROJECTS

In addition to a, b, and c, construction **INCLUDES**:

- d. Fixed works, such as power plants, dams, highways, bridges, reservoirs and sewer and water facilities.
- e. Machinery and equipment which are integral parts of structures. Also fixed, largely site-fabricated equipment such as storage tanks.
- f. The following types of equipment: boilers, towers and fixtures.

EXCLUDE: Movable machinery and equipment which are not integral parts of structures. Also, for power generation plants, exclude primary power producing machinery such as generators, reactors, and steam engines.

Item 5a - Estimate the total amount to be paid to construction contractors by the project owner for work done on this project.

Item 5b - Estimate the total cost of labor by the owner's construction employees working on the project, including supervisory personnel assigned to the project. Include the total cost of all construction materials supplied by the owner, including those the owner expects to supply to the contractor for installation in this project.

Item 5c - Sum of values reported in items 5a and 5b. This is the value to be reported in item 8, monthly value of construction put in place.

Item 6 - Estimate the total amount of fees which the project owner has paid or will pay to architectural and engineering firms for work on this project. Also estimate the total cost of all other construction items which the project owner will allocate on his books to this project. Include the project owner's overhead and office costs, the cost of design work by the owner's staff, and other miscellaneous construction fees and costs allocated on the owner's books. **DO NOT** include the cost of movable machinery and equipment, land, and furniture and furnishings. If book figures are not available, reasonable estimates are acceptable.

► Section E - MONTHLY CONSTRUCTION PROGRESS REPORT

Item 8 - Report the monthly value of construction put in place for the costs associated with item 5c. These costs include:

- a. Work done by contractors and/or subcontractors, including any retainage being withheld until the work is complete.
- b. The cost of any materials installed which were provided by the owner.
- c. The work done by the project owner's own construction employees, including supervisory personnel assigned to this project.

Initially, report monthly values from the start month to the most current month shown in item 8. Then each month, when the form is returned to you, report for the month shown and any revisions which you might have. When entering monthly data, be sure to report the costs in the month in which the work was done rather than in the month in which payment was made.

If the contractor's bills are for periods other than monthly, estimate a monthly amount. In each month where there is no construction, enter a zero.

Item 9 - If construction is complete except for some minor work (up to 3 percent of item 5c), you may stop reporting on this project by indicating in item 10, Remarks, and entering the completion date in item 9.

► Section F - PERSON TO CONTACT REGARDING THIS REPORT

Item 11 - Enter the name, title, address, telephone and fax number of the person who can answer questions about this report.
