October 18, 1999

James Pierce, P.E.
Assistant City Engineer
Department of Public Works
Town of Addison
P.O. Box 144
Addison, TX 75001

Dear Mr. Pierce:

Subject: LAP CITIES UPDATE

The DART Board routinely requests information regarding current contract and subcontract awards made to Disadvantaged/Minority/Women Business Enterprises (D/M/WBE) arising out of participation in DART's Local Assistance Program (LAP)/Congestion Management System (CMS) funded projects. This is important information for the Board to review as part of your LAP and LAP/CMS programming requests.

The information contained in the enclosed matrix is based on the latest data provided by your City. Please update this information and return it to me by November 13, 1999. If you have questions, please contact Dr. Warren Morgan, Vice President, Department of Diversity and Economic Opportunity, at 214/749-2599. Receipt of this information will result in timely action on the part of the DART Board.

Sincerely,

A handwritten signature in dark ink, appearing to read "Roger Snoble". The signature is fluid and cursive.

Roger Snoble
President/Executive Director

Enclosure

Urgent For Review Please Comment Please Reply Please Recycle

.....
Following are sheets reflecting our DBE information from the Beginning.

I apologize for not getting back to you sooner but the combination of being out of the office for two weeks during the past month (business) and waiting for information created delays.

E.L. Dalton is a wholly owned subsidiary of Mastec Inc. and Mastec is 56% Hispanic owned; therefore, Dalton is 56% Hispanic owned. Mastec is a Florida corporation and I'm forwarding a copy of their certification from Florida.

Our FAA DBE goal for 1998-99 happens to be zero because we don't have any construction scheduled; however, our DBE goal for DART will be 15%.

Please call if you have any questions.
