Dallas Area Rapid Transit

Dear Tim:

Thank you for meeting with us recently to visit about the DART Trolley program in Addison. As we discussed, current revenue trends in the Town's hotel/motel receipts are requiring us to reevaluate programs and eliminate certain expenditures. We have made the determination that the Town can no longer financially support the DART Trolley program and request termination of this service in our community.

I appreciate your willingness to work with the Town in instituting the trolley service. Unfortunately, "ridership" never approached the levels we had hoped despite our best efforts. Perhaps economic circumstances will enable DART and the Town of Addison to explore new rider service programs catering to smaller numbers of passengers in the future.

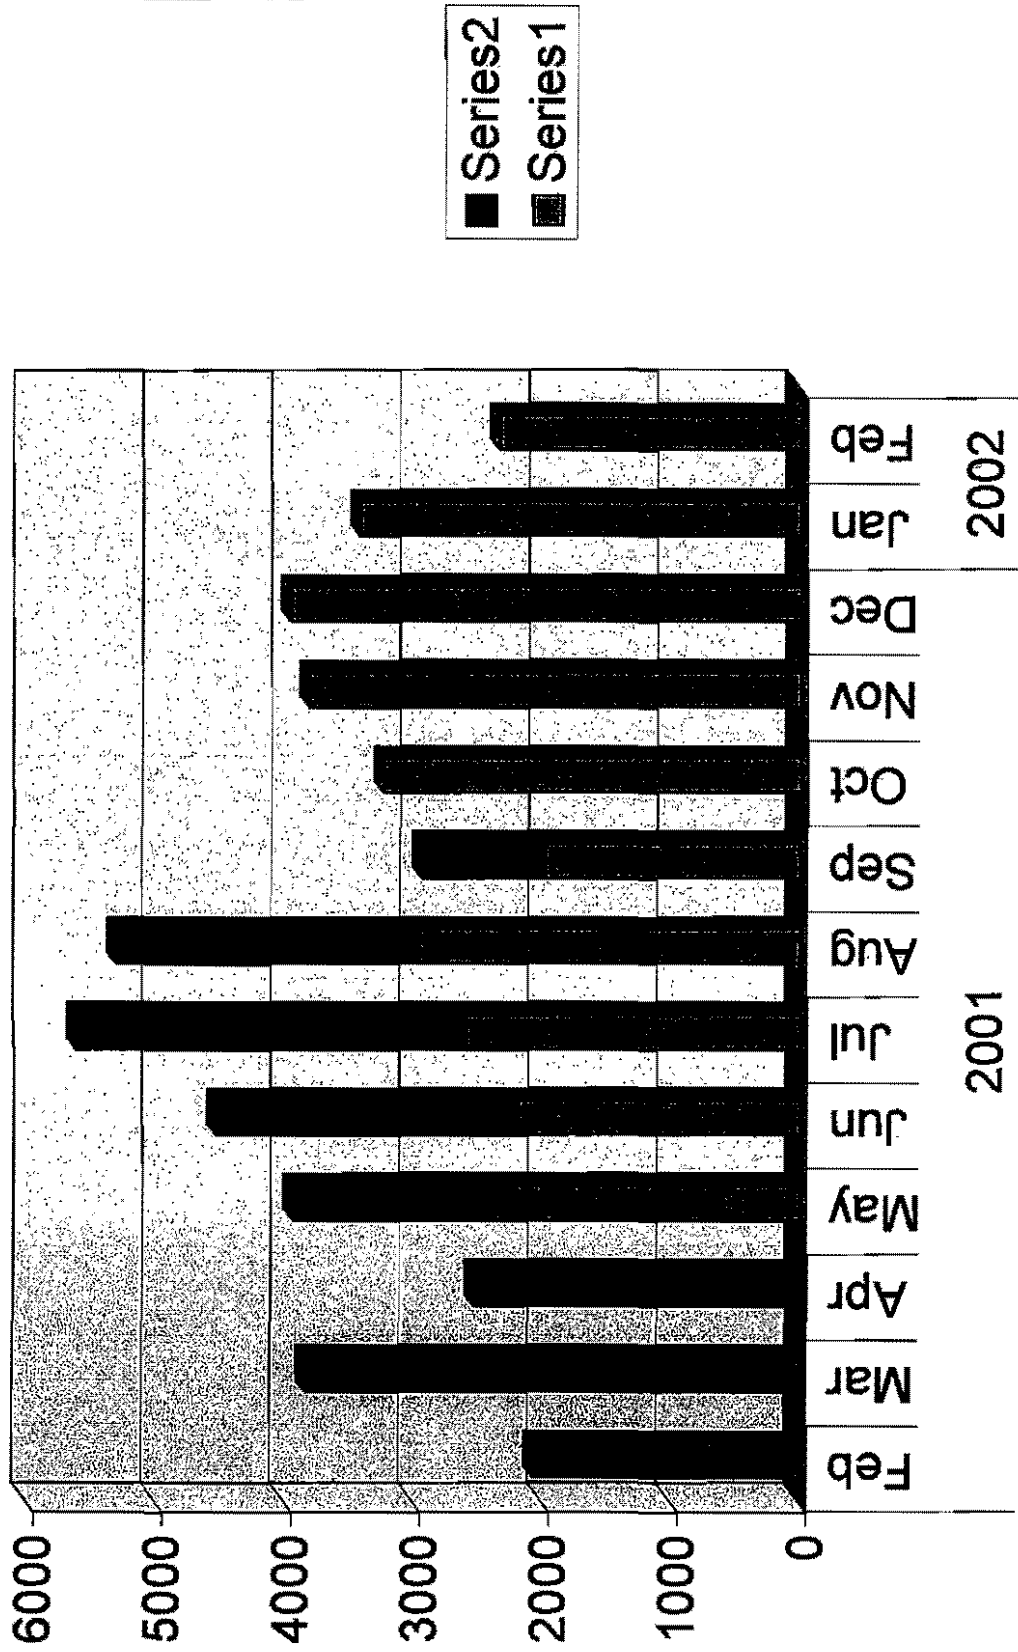

Thank you again for all your assistance and support.

Sincerely,

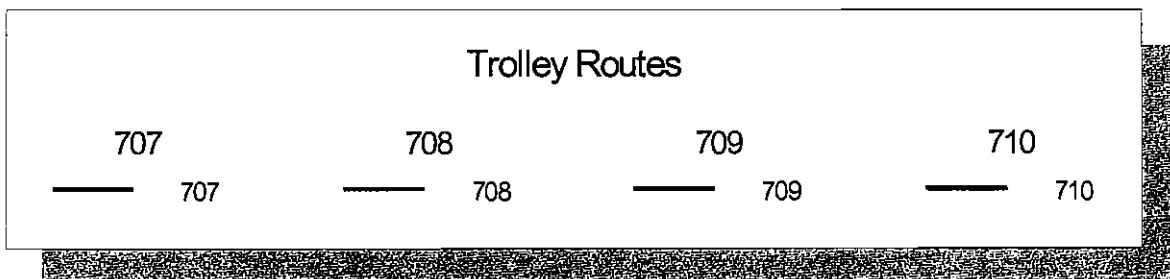

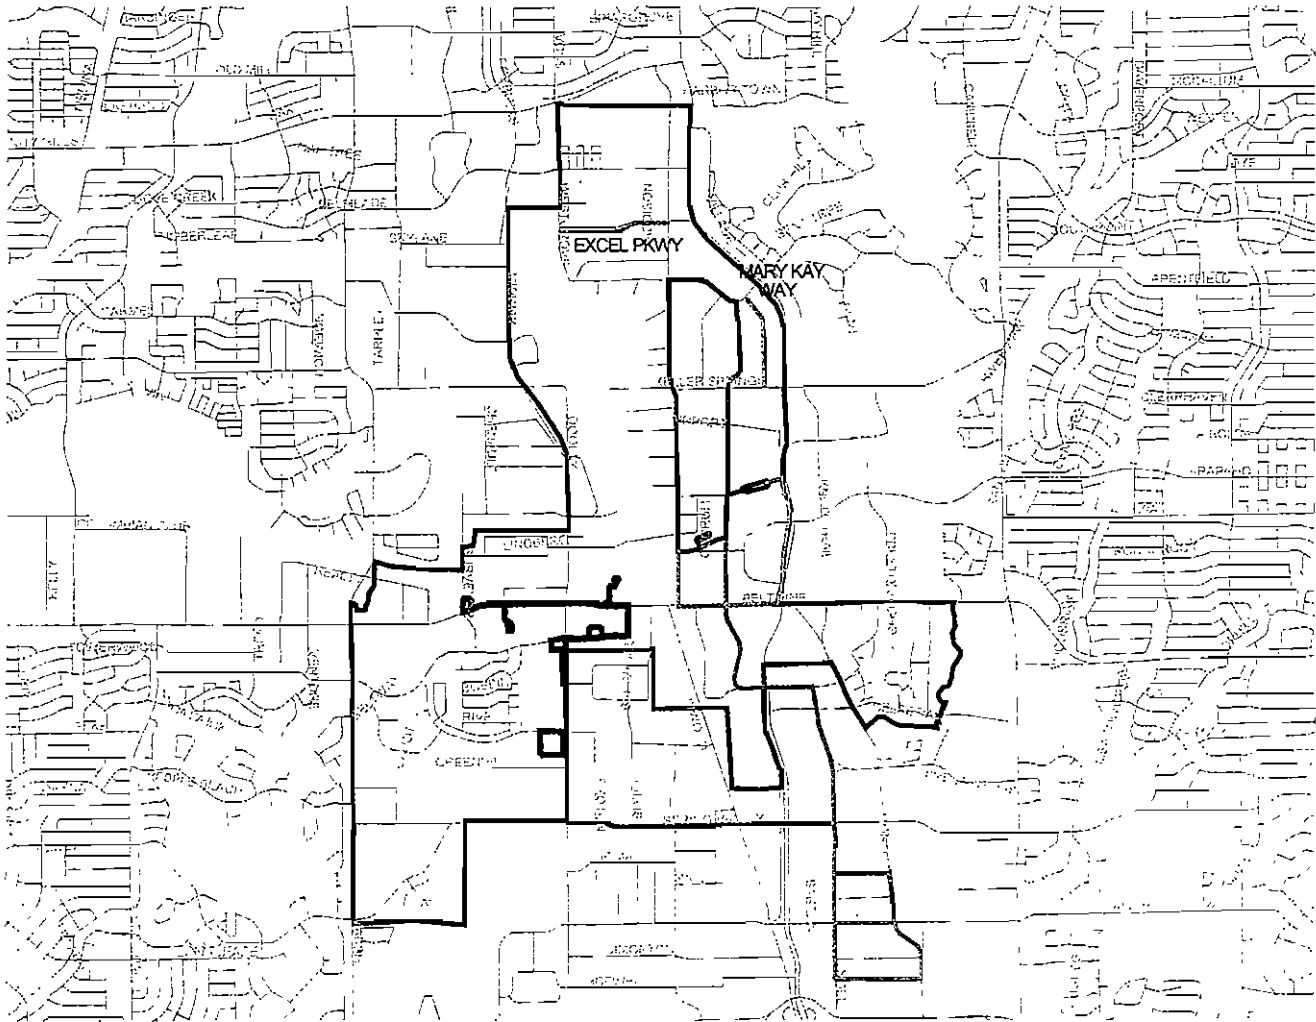

Ron Whitehead,
City Manager

GO MONGOLIAN!

The next time you're hungry for something truly different, go Mongolian! The best of the new wave is right here in Addison, where you can taste the world without ever leaving the city limits.

Mongolian Grills Exotic. Enticing. Colorful. Creative. All these terms describe the hottest new trend in cuisine -- the Mongolian grill. Addison is proud to be the home of two outstanding restaurants offering this unique dining experience, Genghis Grill Mongolian Barbecue and Zen Mongolian Bar & Grill.

Genghis Grill, conveniently located at the corner of Belt Line Road and Midway Road, is a popular destination for those whose palates hunger for something deliciously different. The atmosphere is decidedly campy and distinctively cultural, with clever puns throughout the restaurant connecting their name with the infamous marauder of the middle-ages, Genghis Khan himself. A favorite is the sign inviting diners to splurge in the "all you Khan eat" setting! Aromas tantalize your taste buds from the moment you enter, and the sounds of spicy foods sizzling on the huge open grill conjure up a variety of culinary delights. Hungry food artists convene around a kiosk where numerous selections of fresh meats, vegetables, oils, sauces and spices

await, each one creatively heaping their choices in crockery bowls that are in turn given to the grill-masters for cooking. The artistry continues before your very eyes, as the Mongolian grill-masters set about sizzling your selection to perfection on an enormous open grill and then adding a giant portion of steaming rice to balance the tasty concoction. Not often are you treated to such mouth-watering entertainment! Reasonably priced, outlandishly outfitted, and tantalizingly tasty, Genghis Grill is hard to beat for good food and great fun. Open Monday-Friday for lunch from 11:00 a.m.-2:30 p.m. and dinner 5:00-10:00 p.m., Saturday 11:00 a.m.-11:00 p.m., and Sunday 11:00 a.m.-10:00 p.m. (4201 Belt Line Road, 972-503-5995, genghisgrill.com)

Zen Mongolian Bar & Grill, in the heart of upscale Addison Circle, is one of the newest additions to that area's line-up of fine dining establishments. True to its name, Zen is both mystical and intriguing. Sights, sounds, and smells converge into a multi-sensory mosaic. Interactive at every level, Zen beckons the bold and tempts

the timid, as each one tries their hand at building a mouth-watering masterpiece from among the imaginative array of meats, vegetables, oils, sauces, and spices available. The next stage is equally interactive, as the Zen artists entertain onlookers with their skill at the grill, custom-cooking each creation with flair and finesse. Paired with a generous bowl of steamed rice and flatbread, the eating is as plentiful as it is pleasurable. The atmosphere is casual, contemporary and colorful, with indoor as well as patio dining. Open Monday-Friday for lunch from 11:00 a.m.-2:30 p.m. and dinner from 5:00-10:00 p.m., with Happy Hour from 4:00-8:00 p.m. Open Saturday from 12:00-10:00 p.m. and Sunday 10:00 a.m.-10:00 p.m. There's even a special Sunday brunch with a Bloody Mary bar from 10:00 a.m.-1:00 p.m. And, the full bar is open 7-days-a-week from 11:00 a.m.-2:00 a.m. This locally-owned eatery is one-of-a-kind and the perfect spot for a relaxing drink with friends or catching the big game on the big screen. Check it out at Zen Mongolian Bar & Grill. (5064 Addison Circle, 972-233-9362, zenaddison.com)

Halloween Safety

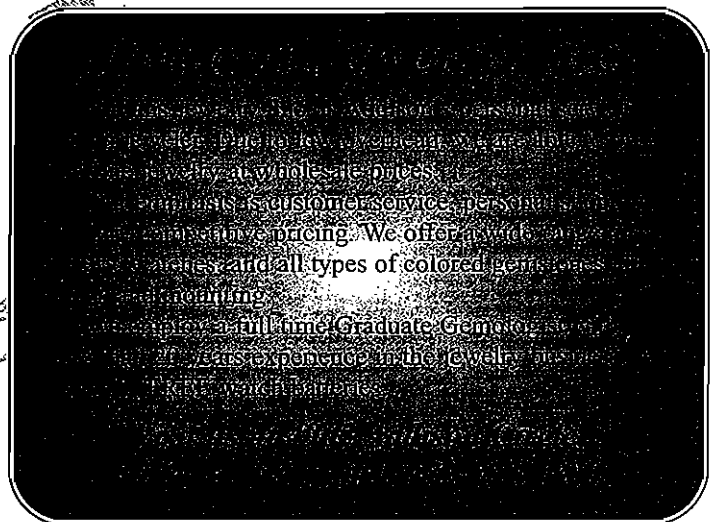

by Don Franklin, Chief of Police, Town of Addison

Halloween can be a lot of fun, especially when parents take certain precautions to help their children avoid the dangers of this particular holiday.

1. Whenever possible, accompany your children on their rounds. This is a prudent way to better assure a safe and fun Halloween adventure. Your presence—and that of other adults—also tends to reduce pranks, complaints, and even possible criminal activity.
2. Give your children flashlights to carry and reflective costumes (or tape) to wear so they are more easily seen as they go from house to house. Make sure your children are easy to spot as drivers navigate the roadways and driveways.
3. Trick-or-treat in your own neighborhood where you and your children know the residents and the layout. This will reduce the possibility of your child becoming lost or accepting unwelcome invitations or treats from strangers.
4. Tell your children not to go inside any houses under any circumstances and to avoid dark houses. Neighbors who wish to participate in the traditional trick-or-treat custom will have their front doors lighted and will usually have some type of decoration on display.
5. Inspect your children's food before you allow them to eat it. Some parents allow their looks the least bit suspicious should be discarded, and if evidence of tampering is discovered, notify your local law enforcement officials immediately.
6. Advise your children not to engage in pranks (no pumpkin smashing, no writing on things with soap or chalk, no bullying other children, no toilet-papering or egging houses or businesses, etc.).

Halloween is always a very busy time for law enforcement, and unfortunately there are often a number of incidents of more serious vandalism and other criminal activity. Most law enforcement agencies increase patrol activity and will strictly enforce the law in such cases. By exercising a few simple safety precautions and by remembering respect and consideration for others, your community can join with law enforcement in making this Halloween safe and fun for everyone!

Health Tips

Get healthy – Start walking!

Addison's own Fan Benno-Carris is a world-class athlete who has won more than fifty medals in national and international racewalking events. A racewalker since the age of seventy, she is helping others in the Town walk to a healthier state of mind and body. She has set a good example for the community by creating a walking club for Addison residents.

The group meets on Saturday mornings at 7:30 a.m. at the Pavilion

across from the Athletic Club and the group is open to all residents.

Fan's walking club has been an instant success with dedicated participation and there is talk of group walking events in the near future. Come join!

Assistant Police Chief Ron Davis receives honored training at FBI Academy

Assistant Police Chief Ron Davis

In recognition of the need to promote professional police management and sharing of resources between Federal, State and Municipal law enforcement agencies, the Federal Bureau of Investigation hosted the first National Academy class in 1935. Since that time, over 33,000 police managers have attended the eleven-week course at the FBI training facility at Quantico, Virginia. From April 1st through June 16th, along with 255 fellow law enforcement managers from 49 states, the District of Columbia and 35 foreign countries, Assistant Chief Ron Davis of the Addison Police Department represented the Town as a member of the 201st National Academy class.

The primary focus of the National Academy is on academics directed toward the development of police managers. Students are required to select courses from a curriculum composed of law enforcement/management related fields of study such as: Law, Forensic Science, Information Management Systems, Police Personnel Management, Mass Media Relations, Behavioral Science and Leadership studies. Each student is also required to participate in a physical fitness program that promotes life long fitness. Classes are taught by the regular staff of the FBI Academy,

located on the Marine Corps Officer Training base in Quantico, Virginia, and students receive either undergraduate or graduate work for successfully-completed classes through the University of Maryland.

According to Davis, the National Academy experience was something of a time warp. Most of the students, whose average age was 44, found themselves back in their long-forgotten college days in a dormitory setting, complete with snoring roommates, noisy neighbors, and shared bathrooms. And, as in college, there was homework to do, tests to take, and cafeteria lines to tolerate. Evening outings and weekend activities revolved around term papers, test schedules, and the need for clean laundry! After the first few days, desperate individuals roamed the halls looking for someone who could remember how to use a statistical calculator or proof a paper so that it did not come back dripping with red ink. One example of creative cooperation was when the Assistant Police Chief from New York City swapped law notes with the Lieutenant from a 10-person New Mexico department so as to have time to study Forensics with a Captain from the Texas Rangers.

To the outside observer, Davis believes the Gym Classes would have been the most entertaining. More than two hundred adults dressed out in matching gym clothes followed their 28-year-old fitness instructor in calisthenics and five mile runs through the woods of Virginia each day. Those who were out of shape when they arrived were more fit by the time they left, having survived the infamous "Yellow Brick Road" run, which is a grueling 9.4 mile round trip, including a three-mile obstacle course complete with barbed wire, mud, steep hills and background machine gun fire used by the Marine Corps Officers Training.

At the end of the eleven week Academy, Davis and his classmates graduated and headed back to their respective homes. The camaraderie and shared experiences have established life-long friendships and professional bonds where law enforcement strategies and experiences can be shared between-departments for mutual benefit. The Town of Addison commends Assistant Police Chief Ron Davis for his recent participation in the FBI National Academy and for bringing the benefits of his experience to bear on his role at the Addison Police Department.

I took the maiden voyage on the above last night. Scheduled to leave Crown Plaza (CP) at 6 PM, left at 6:12 PM. While waiting, I talked to CP staff. They are very enthusiastic about the trolleys. They did not have any free tickets to ride. The trolley was also running to the Galleria. I think the trolley identifiers could be better. The Galleria trolley is marked Galleria, this is probably OK, but the promotional pamphlet/schedule calls the route "Addison Shopping Trolley-Bus". Maybe "Shopping" would be a better identifier, or both. The restaurant trolley is identified as "Shuttle" while called "Addison Sunset Trolley-Bus" in the promo pamphlet. I think a better ID would be "Restaurants", or "Sunset Trolley - Restaurants".

Two ladies got on with me at CP. They were deciding where to go on the ride. They picked Fresh Choice, and seemed happy about the service. No other customers got on or off. While riding with the ladies, I had a thought about security. Will our police step up patrols around these stops especially after dark? The driver has a radio on board that he can use to call his base and ask for security - is that looped into our Police Dept?

We got back to the CP at 6:48 PM, so the route took a little more than 30 min. With more "business", it could take a little longer. When I got back to CP, 5 people got on the Shuttle and 4 people got on the Galleria trolley.

I think we have a winner.

GET ON BOARD ADDISON/DART TROLLEY-BUS PROMOTION

Dear Addison restauranteurs:

On July 31, 2000, Addison and Dallas Area Rapid Transit are adding the following two new Trolley-Bus routes to provide Monday-through-Saturday shuttle service between Addison hotels, restaurants and shopping malls. This pilot program will run through the end of December.

ADDISON SHOPPING Trolley-Bus (Route 709) - connects north Addison restaurants and hotels on Beltline, Beltway and Midway to The Galleria and Valley View Mall via Spring Valley Road & Noel. (runs every hour from 10 a.m. to 10 p.m. daily except Sunday)

ADDISON SUNSET Trolley-Bus (Route 710) - circulates among north Addison restaurants and hotels on Beltline, Beltway and Midway (runs every 30 minutes 6 p.m. to midnight Monday-Saturday; no Sunday service)

To cross-promote these convenient new Trolley-Bus routes and patronage of businesses along the routes, DART is soliciting promotional giveaways from restaurants in the service area.

To participate in our advertising launch of these new routes, restaurants are requested to offer a giveaway to customers who present their used DART Trolley-Bus transfers. Suggested free giveaways could include any of the following:

- Drinks with meal purchase
- Appetizers
- Desserts
- 2-for-1 entrees
- Percentage off dining check

Each participating restaurant will be included in DART's marketing campaign to promote these new Trolley-Bus routes.

DART will produce campaign components such as brochures, newspaper advertising, "windscreens" at DART's Addison Transit Center and in-hotel signage. Your establishment will be featured as a destination along our new Trolley-Bus routes during the promotion period from July 31 to December 31, 2000. Additionally, DART can provide in-store signage and Trolley-Bus brochures to distribute to your customers.

If your establishment wishes to participate in this promotional campaign, please fill out and return the form below to Sonja Livingston or Becky Wendt at DART, 1401 Pacific, Dallas 75202-7228.

Spoke to Tim Newby. The way DART gathers data does not give them a split on ridership.

Early on they did some on board monitoring to get a split. Tim thinks the 707 was the better of the 2. Not sure.

May want to do another on-board survey to update the split.

Tim will get with Jennifer on this and get back to me.

Re: Addison Trolley Bus Route 707

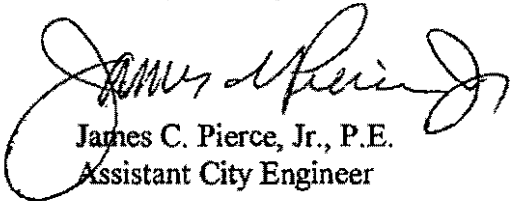

Dear Mr. Newby:

During a recent staff meeting with Ron Whitehead, Trolley Route 707 came up for discussion. It is our feeling that the 707 Route should be modified to make it a little more useful, and to cover more territory. I have attached a mark-up indicating the proposed changes.

Please take a look at this and advise if you think this is feasible. Please call me at 972-450-2879 if you have any questions.

The #710 will operate nightly from 6pm to 12 midnights with a 30-minute interval with service only to Addison's hotels and restaurants. The service will be a 50cent fare and free to Senior Citizens. Bob: The trolleys are 11'-2" high, 8'-6" wide and 28'-9" long. They weigh 21,000 pounds. Thought you might want to pass this info on to the Hotel people.

On March 14, 2000 Resolution No. R00-022 (enclosed) was passed by the Addison City Council, authorizing the City Manager of the Town of Addison to enter into a letter of agreement with DART for a trial trolley service to connect Addison hotels, restaurants, and the Galleria. The Town is interested in pursuing schedule Alternative #2 as described in your March 1, 2000 memo.

Please contact City Manager, Ron Whitehead, at your convenience to schedule a work session to discuss confirmation of routes and marketing plans for the service.

Re: Request for Council Approval to Enter Into Agreement with DART for Extended Trolley Service

In the 99/00 budget, Council allocated \$50,000 for a Hotel/Shuttle feasibility study. After meeting with DART representatives, staff is requesting authorization to enter into an agreement with DART for a six month Trolley/Shuttle service pilot program to provide direct service between the Galleria Mall and eleven Addison hotels, with proximity service to forty-five Addison restaurants.

9:31 Sleep Inn

Attached is a route map from DART depicting the two proposed route expansions. The first is designated the AM Route and will provide hourly Trolley service between the following eleven hotels and the Galleria Mall:

9:33 Hilton Garden Inn

- | | | |
|--------------------|----------------|----------------|
| Marriott Courtyard | Ramada | Holiday Inn |
| Crown Plaza | Hilton Garden | Motel 6 |
| Sleep Inn | Hampton Inn | Quality Suites |
| Homewood Suites | Country Suites | |

Sams?

This route will begin at 10 AM; however, there are two alternative ending times; one ends at 6 PM (Alternative 1) and the other at 10 PM (Alternative 2).

Rt on Bellway

The second route, designated the PM Route, will provide proximity service every thirty minutes between the same eleven hotels and approximately forty-five Addison restaurants. This route will start at 6 PM and run until 12 AM.

9:39

The Town's cost for the six-month pilot program is \$38,642.37 for Alternative 1 or \$47,676.39 for Alternative 2.

Ramada Ltd.

RECOMMENDATION

Staff is recommending we pursue Alternative 2, at a cost of \$47,676.39, which will provide extended service from 10 AM to 10 PM between the hotels and the Galleria. We are also proposing to DART a \$.50 per trip fare to recover some of our cost.

Dear Mr. Whitehead:

In follow-up to our February 24, 2000, meeting regarding a proposed trolley-bus hotel connector, I have attached the updated costing reflecting extended service hours and the breakdown of cost for a six month period. The proposal was presented yesterday to Roger's Service Planning Committee and was well received. Following your discussion of this proposal with the Addison Town Council we will need to schedule an item for consideration by the DART Board. I would recommend that we schedule a work session in the next few weeks to begin development of a marketing plan for the service.

Please feel free to contact me if you have questions regarding the attached information.
