Mike,
for you to incorporate into your
annual file!
Mike

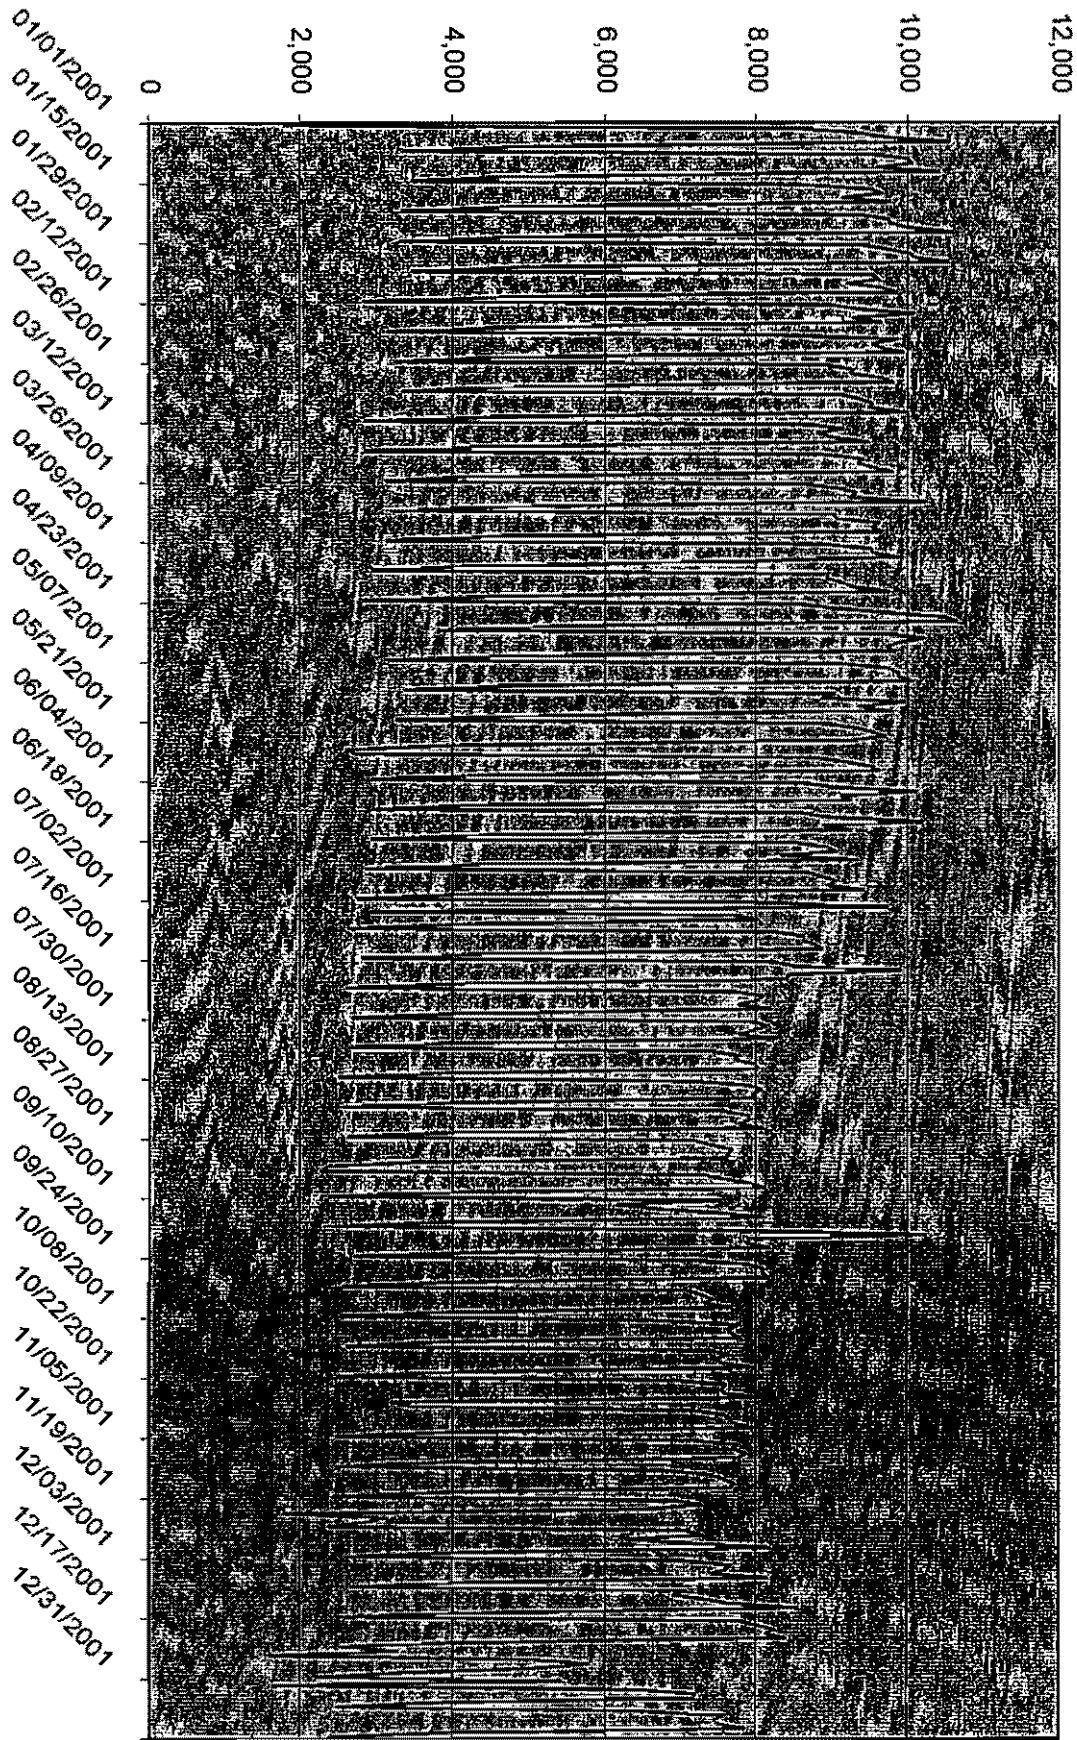

1-22-01

Ken, this a crude graph, but it shows the downward trend since last summer. The date ~~point~~ points at the top are H-F and the bottom is Sat-Sun.

MEMORANDUM

DATE: January 11, 2001
TO: Ron Whitehead, City Manager
FROM: Bill Shipp *Bill*
SUBJECT: Toll Tunnel Debt Service

I obtained the following information telephonically from Susan Buse, Director of Finance, NTTA, on January 9 and 11, 2001.

Note: All numbers are rounded for ease of use.

Original Bond Issue	\$26.8 million
Interest on Debt for 2001	\$2.184 million
Daily Interest on Debt (during 2001)	\$6,000 per day
Number of transactions required to pay the debt service	12,000 transactions per day
Actual average daily transactions are approximately	8,400 transactions per day

Wilbur Smith Associates' independent estimates made in 1994 were:

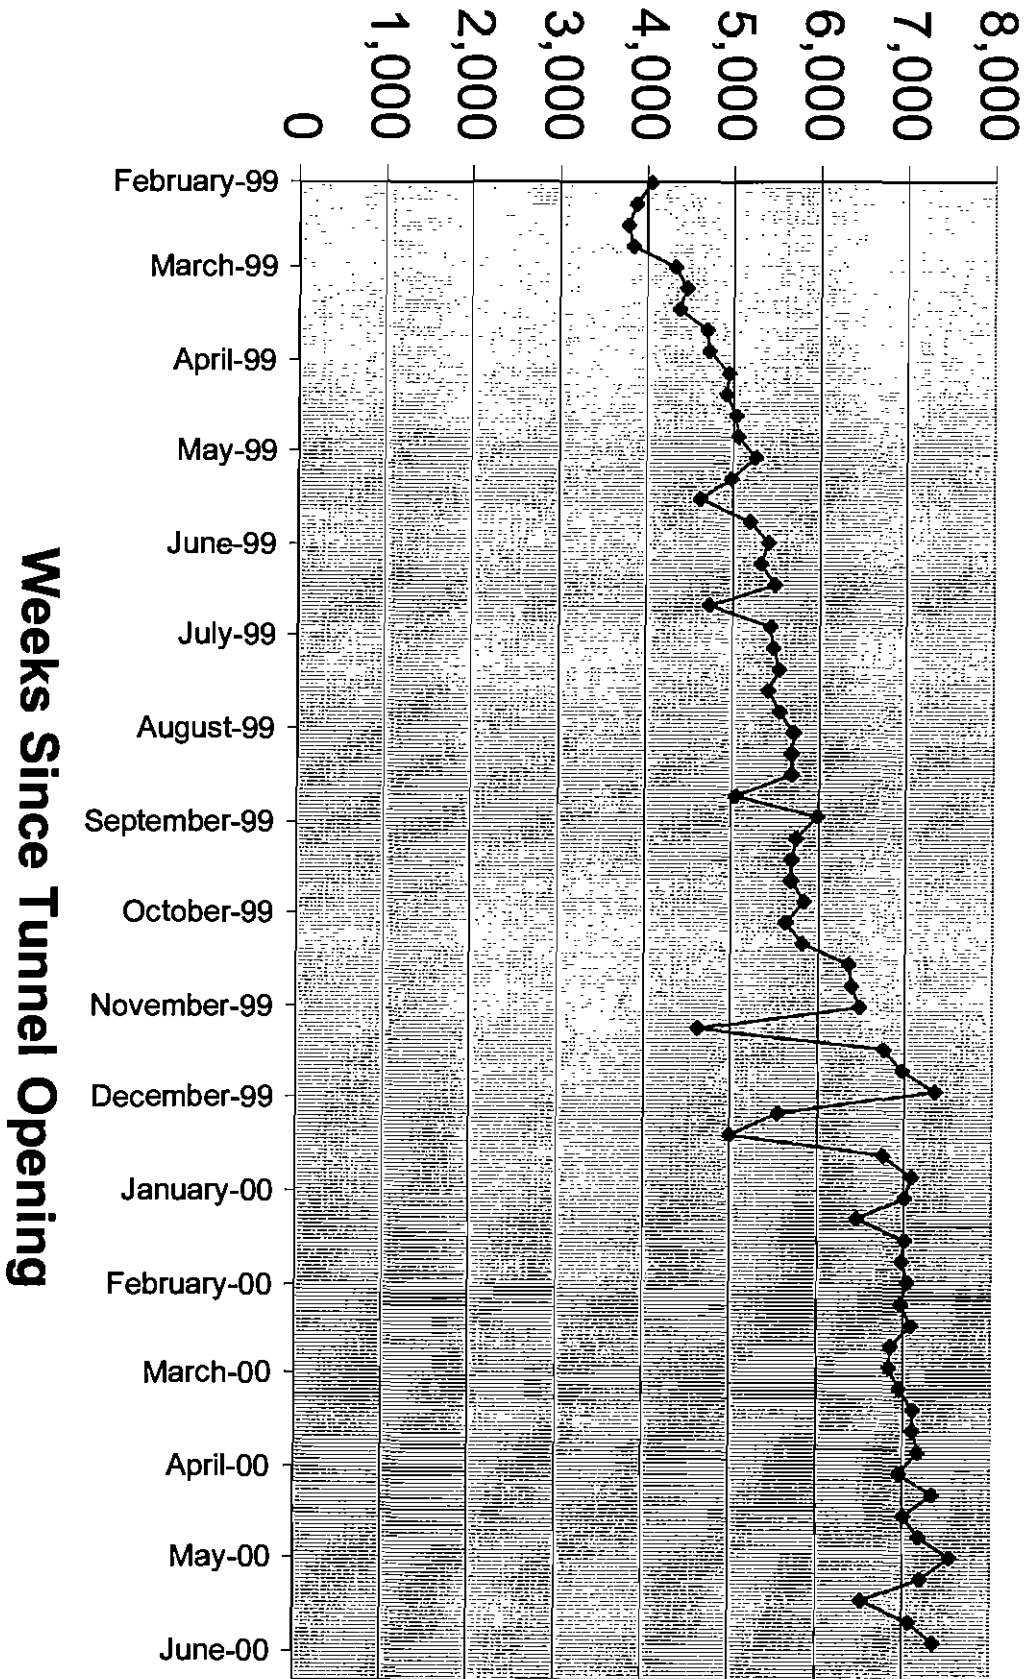

2000	15,600 transactions per day
2001	16,900 transactions per day

Note: These estimates were required in preparation for the Bond Issue.

Since the Tunnel is part of the larger system, NTTA does not have a breakout of operations and maintenance cost for just the Tunnel.

DART believes (per Susan) that light timing at both ends of the tunnel will increase the flow through the tunnel.

SUBJECT: ADDISON TOLL TUNNEL

Dear Ms. Reno:

Thank you for your letter of 15 May 2000, alerting the Town of Addison to certain safety issues at the Addison Toll Tunnel.

As I am sure you are aware, the Tunnel is owned and operated by the North Texas Toll Authority (NTTA). Based on that information, we forwarded your concerns to the NTTA. As a result, "NO PASSING" signs have now been posted on both entrances to the Tunnel. Also, your comments were passed on to the Addison Police Department alerting them of possible violations occurring in the Tunnel vicinity.

If you have any further concerns regarding Tunnel safety issues, I would recommend you contact:

Mark Bouma, P.E., Project Engineer
North Texas Tollway Authority
P. O. Box 190369
Dallas, TX 75219

Again, thank you for your letter.

Sincerely,

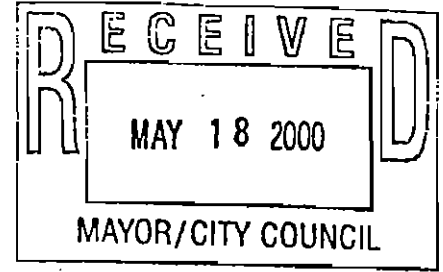

Michael E. Murphy, P.E.
Director of Public Works

Dear Mr. Wheeler,

I have a serious safety concern regarding the Addison Airport Tunnel. For the third time since the tunnel opened, another car has passed my car inside the tunnel. Although the speed limit is 35 miles per hour, many drivers race through it at speeds that must exceed 50 miles per hour. Some people who enter the tunnel at high rates of speed pass other vehicles instead of slowing down. This is incredibly dangerous.

Tonight a speeding vehicle passed my car while there was an oncoming vehicle already inside the tunnel. On another occasion, I was leaving the east-bound toll booth when a car exiting the tunnel west-bound drove into my lane instead of staying in their exit lane. Again, this was a very dangerous situation.

I strongly believe that center posts should be erected within the tunnel and at both entrance/exits before a tragic accident occurs. Please consider this suggestion for the safety of all who travel through the Addison Airport Tunnel.

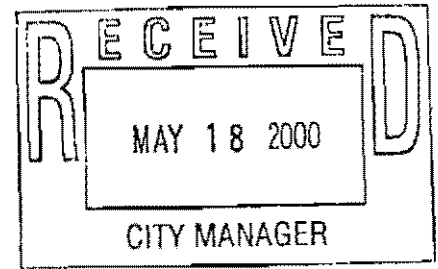

Sincerely,
